# Pak Tek

## Gable Top Caser

Gable top casers offer innovatively simple, efficient clean design, along with stainless steel construction that is guaranteed to optimize your gable top container case packing. You can choose multiple pattern configurations to suit your specific needs.

Pak Tek PLC-controlled (with ethernet) Gable Top Casers offer you the flexibility to change between a full array of gabletop cartons, from 8 oz. eco size up to half gallon cartons, in a matter of minutes. You can extend your versatility with a number of options including dual heads and dual infeeds to optimize production speed. Whether you choose the standard machine or full options, you'll get the advantage of Pak Tek durability and reliability.
